

## **RTO WEST SEAMS WORKSHOP**

**Salt Lake City, Utah  
Embassy Suites Hotel  
Wednesday June 21, 2000  
8:00 a.m. to 3:00 p.m.**

This Workshop is sponsored by RTO West and follows a workshop held the previous day at the same location sponsored by the Western Market Interface Committee. The WMIC workshop will focus on a WSCC region-wide review and discussion of RTO seams issues. Presentations will be made by each proposed western RTO of their current thinking on pricing, congestion management and related practices. Breakout sessions will address possible solution options to selected seams issues.

The RTO West Workshop to be held on Wednesday June 21, 2000 will build upon the results of the WMIC workshop on Wednesday. The RTO West Workshop will be a meeting of the RTO West Seams Work Group, representatives from other RTO West work groups and other interested Northwest stakeholders and will focus on resolving the most critical seams issues facing the RTO West. Individuals outside the NW are invited to attend and observe the NW RTO Seams Work Group meeting.
